## **Request for Clarification or Question**

**RFP No. 112497**

**10/19/2009**

In reviewing the terms and conditions attached to the RFP I have found a number of sections that do not appear to be applicable to non US based entities.

Response: Under the terms and conditions of the General Provisions, all federal, state, and local laws, ordinances and all pertinent orders, DOE directives, rules, and regulations apply. See page 2 of 8 for complete requirements @ [http://www.pnl.gov/contracts/documents/terms\\_cond/currentGPs/GPs-A-409\\_2-CI.pdf](http://www.pnl.gov/contracts/documents/terms_cond/currentGPs/GPs-A-409_2-CI.pdf).

**Question #1: Form 400-CI (Aug 2009) Affirmative Action Compliance Page 3. This clause appears to only apply to US based entities - can you please indicate how the form should be complete in our case?**

**Response:** The Contractor has not had contracts with affirmative action programs, the last option would apply.

**Question #2: Form 400-CI (Aug 2009) Previous Contracts and Compliance Reports Page 3. Can you please indicate how this section of the form should be completed for a non US based private company which has not previously had any contract requiring a compliance report?**

**Response:** If the Contractor has not had contracts with affirmative action programs, the option "...has not participated..." would apply.

**Question #3: Form B-909-ARRA Reporting (1831-Gov Aug 2009) Can you please let me know if section 11 is applicable to a private company based in the XXXX?**

**Response: Please reference 1830 (PNNL) Form A-409-ARRA-Reporting.** Yes. This section applies and should be reported if the Contractor received 80% or more of its annual gross revenues in US Federal contracts... and \$25M gross revenues from US Federal contracts... and the public does not have access to information...."
