

PACIFIC NORTHWEST NATIONAL LABORATORY

# Northwest Symposium for **SYSTEMS BIOLOGY** 2005

## TOWARD A PREDICTIVE SCIENCE

### June 20 - 21

### Pacific Northwest National Laboratory Richland, Washington

With special keynote presentation by  
**Dr. David Galas**

*V.P., Chancellor, Chief Scientific Officer, Professor  
Keck Graduate Institute*

*V.P., Chief Scientific Officer for Biological and Life Sciences  
Battelle Memorial Institute*

- ▶ **Generating the Data Needed for Prediction**
- ▶ **Generating Models that Predict**
- ▶ **Applications: Brave New World**

The third annual Northwest Symposium for Systems Biology provides a forum for better understanding of complex biological problems through novel computational and technical approaches.

Attend **NSSB 2005** to discover and discuss cutting-edge technologies in Systems Biology for the 21st century.
