

**Program Element IV: Hazard Prevention and Control**

**1. Professional Expertise**

*Required Information:*

Provide details concerning the use of certified professionals, such as occupational medical personnel, health physicists, industrial hygienists, and safety professionals.

Describe what services are available at the site; how these professionals integrate their services with each other; and how communication is maintained.

*Additional Guidance:*

References to the organizational charts may be appropriate to demonstrate where the various safety and health professions are found.

Applicant agrees that the required information is included and is correct to the best of their knowledge.

*Applicant Signatures:*
