Cameron,

Yesterday I had a chance perform a safety walkthrough of the 306W building. Myself and Ken Conlin walked through rooms: 121, 123,125,142C, 150C and 152. No ES&H deficiencies were noted.

Thanks,

Drue

Just the kind of input I need.

Esther

Please put in the ES&H binder.

Thanks, Cameron

Cam,

Just a note to let you know that I took a tour of the NSD spaces with Dane this last Tuesday in the 320, 326, and 329 facilities. I also took a brief look at the 306W waste area. All looked well - actually very little, if any, waste; neat, clean, and in order.

Talk with you soon,
